Market On Malvern

Prahran

The ultimate pamper spot to book every weekend, newly-opened [Market On Malvern](#) is a wellness clinic and cafe rolled into one sleek, Scani-inspired venue. Textured cool grey chairs, rough exposed brick and a stunning sun-soaked outdoor area plays home to massages, healthcare and allergy-friendly brunch. Dishes range from gluten-free to FODMAP-friendly, paleo and nut-free — so you're bound to find something your tummy and tastebuds will love. Rice-paper rolls are a star dish, along with red rice served with miso eggplant, sesame greens and ginger pickled carrot and daikon with agave inulin. Four-legged puppies are welcome too, with doggy biscuits and puppy-friendly ice poles on offer.
